APPENDIX A

Image Consent Letter to Parents

Dear Parent/Carer

We regularly take photographs/videos of children at our school and believe that these can provide a valuable record of children's learning. These may be used in children's learning journeys and profiles, our school prospectus, in other printed publications, on our school website, or in school displays, including digital photo frames.

Occasionally, our school may be visited by the media or third party who will take photographs/videos of an event or to celebrate a particular achievement. These may then appear in local or national newspapers, websites or on televised news programmes.

We recognise that increased use of technology and opportunities for online publishing mean that there is greater potential for accidental or deliberate misuse. We endeavour to minimise risks by putting safeguards in place that will protect your child's interests, and enable us to comply with the Data Protection Act (1998).

Please read and complete the attached consent form (for each child) and return to school as soon as possible. We appreciate that some families may have additional concerns and anxieties regarding protection of the child's identity and therefore request that you inform us, in writing, of any special circumstances either now or at any time in the future that may affect your position regarding consent.

Yours sincerely,

Headteacher

1. The school will not re-use any photographs or videos after your child leaves this school without further consent being sought.
2. The school will not use the personal contact details or full names (which means first name **and** surname) of any pupil or adult in a photographic image, or video, on our website or in any of our printed publications.
3. If we use photographs of individual children, we will not use the full name of that pupil in any accompanying text or caption.
4. If we use the full name of a pupil in the text, we will not use a photograph of that pupil to accompany the article.
5. We will only use images of children who are suitably dressed and in a context that is not open to misinterpretation.
6. Images/videos will be stored according to Data Protection legislation and only used by authorised personnel.
7. Parents should note that websites can be viewed throughout the world and not just in the United Kingdom, where UK law applies.

Notes on Use of images by the Media

If you give permission for your child's image to be used by the media then you should be aware that:

1. The media will want to use any images/video that they take alongside the relevant story.
2. It is likely that they will wish to publish the child's full name, age and the school's name in the caption for the picture (possible exceptions to this are large group or team photographs).
3. It is possible that the newspaper will re-publish the story on their website or distribute it more widely to other newspapers or media organisations.

APPENDIX C

Consent Form for Images to be Taken e.g. at a School Production or Special Event

Dear Parent/Carer,

Your child will be appearing in our school production/event name on **<insert date/s>**. We are aware that these events are special for children and their relatives/friends and form treasured memories of their time at school.

We have a rigorous policy in place with regard to taking, using and publishing images of children and you have already signed a consent form stating whether you agree to your child's images/video being used in general circumstances.

Many parents/carers like to take photographs/videos of their children appearing in school productions, but there is a strong possibility that other children may be included in the pictures. In these circumstances, we request specific consent for images/videos to be taken by a third party (i.e. other parents). We need to have permission from all parents/carers of children involved in the production to ensure that they are happy for group images/videos to be taken and I would be grateful if you could complete the slip at the bottom of this letter and return to school as soon as possible.

We would also request that images / videos including other children or adults are not posted online, especially on Social Media sites e.g. Facebook without the specific permission of the individuals included in the footage.

Should any parents / carers not consent, we will consider other options, e.g. arranging specific photo opportunities after the production.

These decisions are not taken lightly, but we have to consider the safeguarding of all our children and respect parents' rights to privacy.

Yours sincerely,

Headteacher

APPENDIX F **ICT Acceptable Use Policy (AUP) – Parent’s Letter**

Dear Parent/Carer,

The use of ICT including the Internet, e-mail, learning platforms and mobile technologies are integral elements of learning in our school. To make this as successful and as beneficial as possible for all learners, we expect all children to act safely and responsibly when using technology both within, and outside of, the school environment.

In school, we ensure that all resources used by the children are age appropriate and suggest that parents check the terms and conditions for the use of online resources and games to ensure that resources used at home are also age appropriate. This is particularly relevant when using Social Network Sites that incorporate age-restriction policies where the minimum acceptable age is 13 years. Any child who sets up or uses such a site and is below the acceptable age is in clear breach of the site’s privacy policy and / or terms and conditions and therefore we actively discourage this in our school.

The enclosed ICT Acceptable Use Policy forms part of the wider School eSafety Policy and alongside the school’s Behaviour and Safeguarding Policies outlines those principles we expect our children to uphold for the benefit of both themselves and the wider school community.

Your support in achieving these aims is essential and I would therefore ask that you please read and discuss the enclosed ICT Acceptable Use Policy with your child and return the completed document as soon as possible. Signing the School Acceptable Use Policy helps us to maintain responsible use of ICT and safeguard the children in school.

Along with addressing eSafety as part of your child’s learning, we will also be holding Parental eSafety Awareness Sessions during the school year and I would take this opportunity to strongly encourage your attendance wherever possible. Further information on these sessions will be communicated as soon as dates are confirmed.

If you have any concerns or would like to discuss any aspect of the use of ICT in school please contact U Mitchell, our eSafety leader.

Yours sincerely

Headteacher
