

We are awarded merits for the values that underpin our school. In everything we do, we can try to do those things well. They help us to improve and will be really useful in all areas of our lives as we grow.

Here are the values that we earn merits for:

Self-Belief/Determination

Pride/Self-Knowledge

Acceptance

Respect

Co-operation/Generosity

Kindness

Honesty

Courage

Positivity/Empathy

Perseverance/Ambition

Which ones are you most able to do and which are you working on?

How do these values help us?
