

We are awarded merits for the values that underpin our school. In everything we do, we can try to do those things well. They help us to improve and will be really useful in all areas of our lives as we grow.

Here are the values that we earn merits for:

Courage

Positivity/Empathy

Perseverance/Ambition

Self-Belief/Determination

Pride/Self-Knowledge

Acceptance

Respect

Co-operation/Generosity

Kindness

Honesty

I wonder which ones you are most able to do and which you might be working on.

How do they help us?
