Phonics

Your child has been given a small pot containing high frequency tricky words to practise. Encourage your child to memorise these words by sight by practising frequently. When your child can say the word by sight try to encourage them to put them into a sentence. First talk about the sentence, say it 3 times then write the sentence.

The children enjoy making up silly sentences using tricky words.

Challenge: think of the funniest silly sentence.

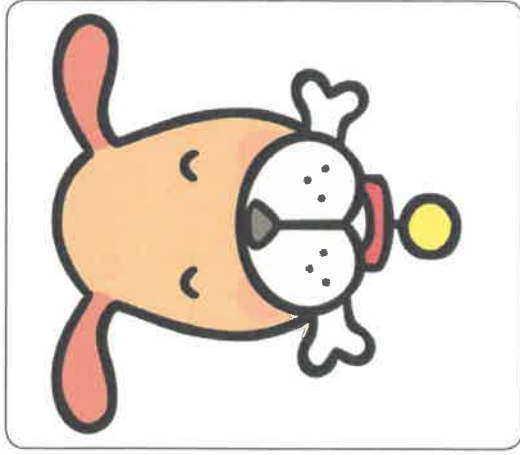

Your child has a pack from Read Write Inc to practise letter formation. This set includes Set 1 and Set 2. Please do not feel you have to rush through this pack, take your time focus on 1-2 sounds per day. Encourage your child to think of words beginning with or containing that sound. Can they write a sentence using the sounds they have learnt?

Tricky word song:

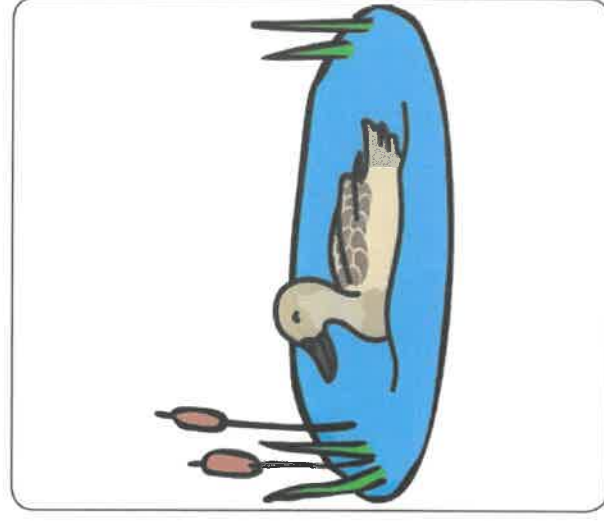

https://www.youtube.com/watch?v=TvMyssfAUx0&safety_mode=true&safe=active&persist_safety_mode=1

Activity:

The dog
had...

I can see
a...

Can you finish the sentence?

Reading

Your child has reading books for them to read at home with you. You may have had a book that your child has already read however due to limited numbers of books this is unavoidable. Encourage your child to read with you and read with their toys. This is a good opportunity to develop fluent reading with repetition of books.

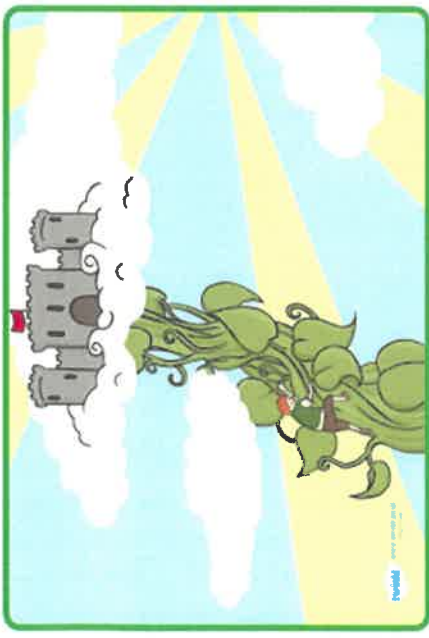

Challenge: Can you child spot the tricky words in the book.

Activity:

Jack and the Beanstalk. Can you cut out the pictures of the story then sort them and put them in order. Encourage your child to retell the story using the pictures.

Library Books- please continue to share your child's library books with them. Your child could draw their favourite character from the book, re-tell the story and make their own book.

Activity:

Writing

In reception we are working on writing labels for pictures, captions to match a picture and writing sentences.

Other ideas for writing can include shopping lists, invitations, and stories. Encourage children to use the sounds they have learnt in their writing.

Activity: Pick a challenge and complete with your child.

Encourage your child to write their name on any work/ pictures completed in their home journals.

Use paint brushes, rollers, sponges to make marks outside on the ground with water.

Activity

CVC Words

Look	Trace	Write
	pen	_____
	dog	_____
	cat	_____
	bed	_____
	jam	_____
	tap	_____

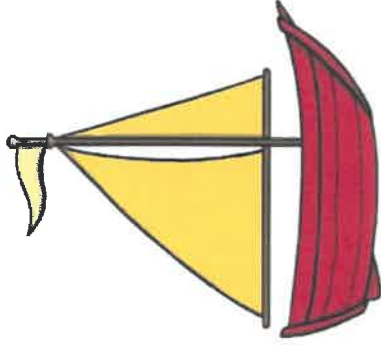

CCVC Words

Look	Trace	Write
	pram	_____
	plug	_____
	drum	_____
	crab	_____
	frog	_____
	flag	_____

Activity

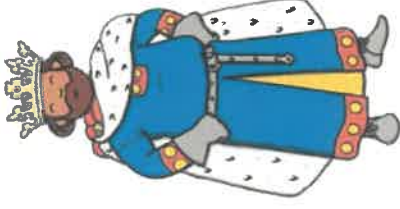

Writing and Mark Making Area

Imagine you are on a boat. Draw a picture of what you can see off of the side.

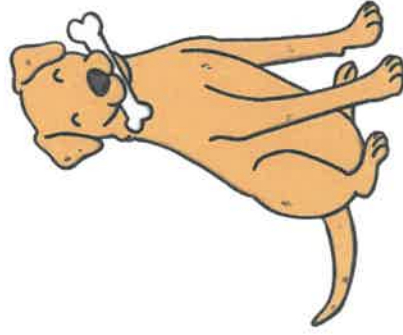

Writing and Mark Making Area

Write an invitation to the king's birthday party.

Writing and Mark Making Area

Write an information sheet about your favourite animal.

Writing and Mark Making Area

Draw five things you think a superhero might have in their bedroom.

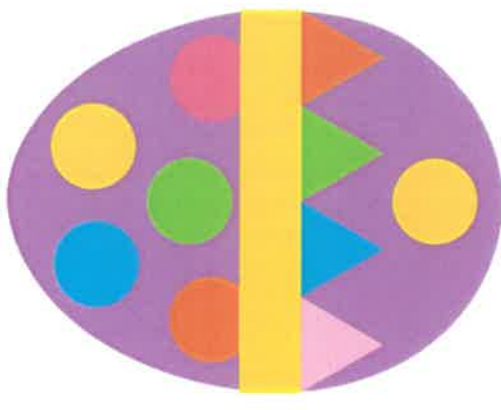

Maths

Please continue to work with your child with the number cards. First practise recognising the numerals 1-5 then 5-10, 10-20. Place the cards around the room and ask your child to find that number.

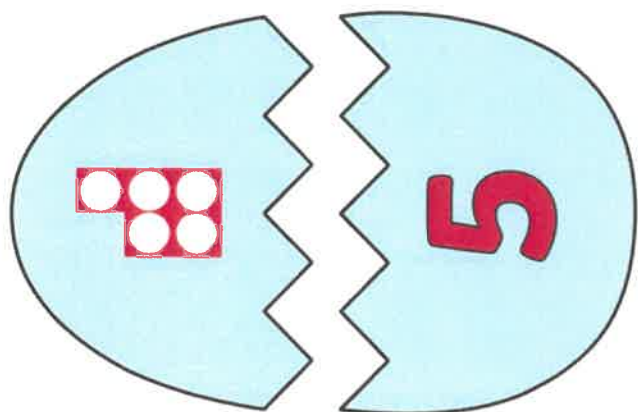

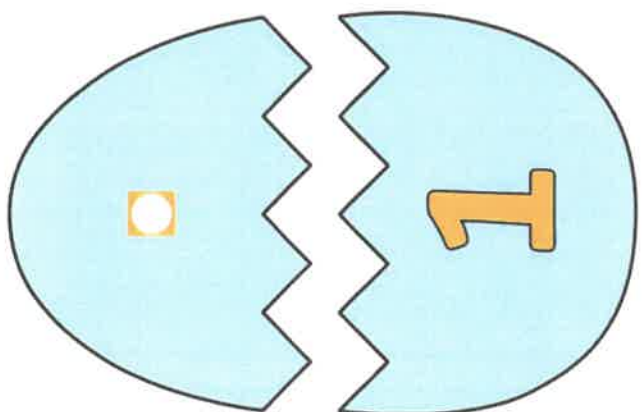

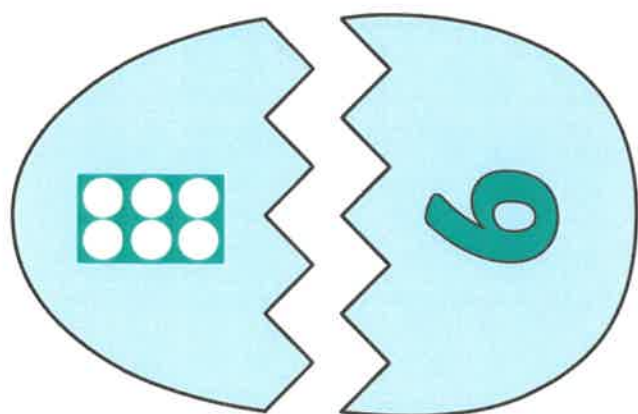

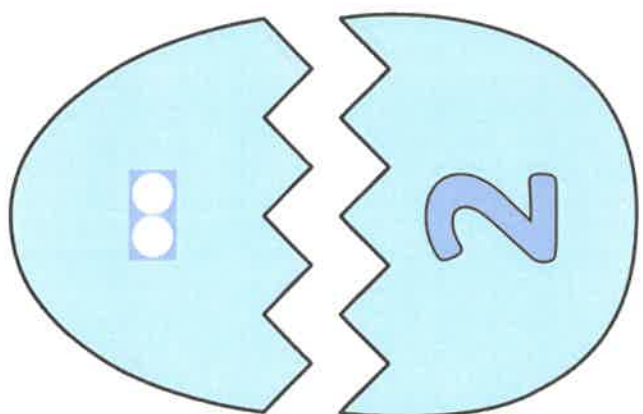

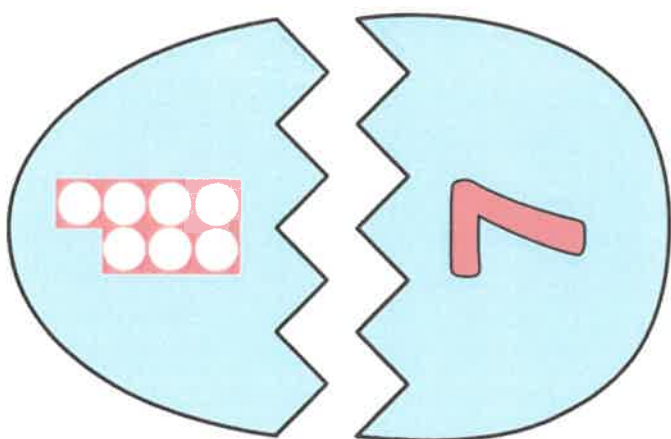

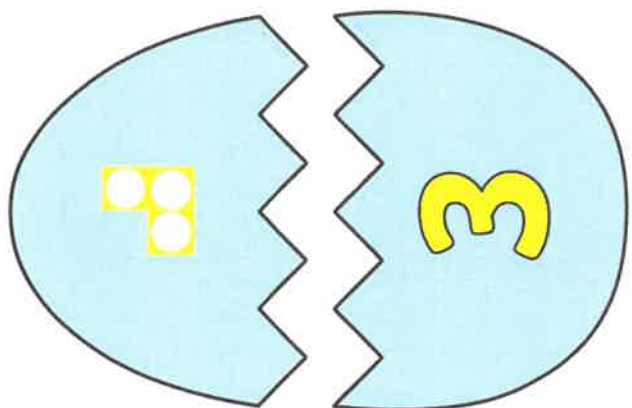

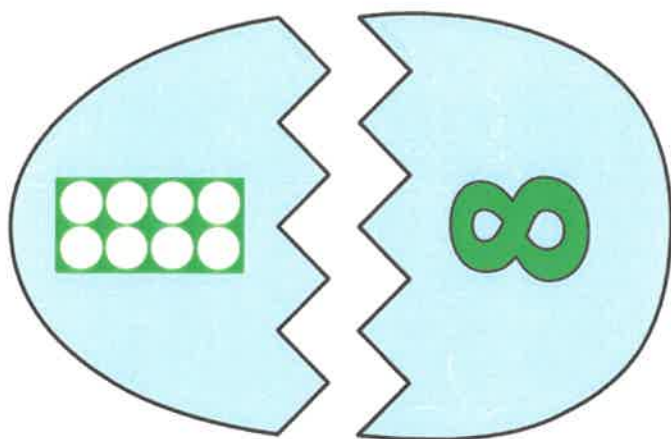

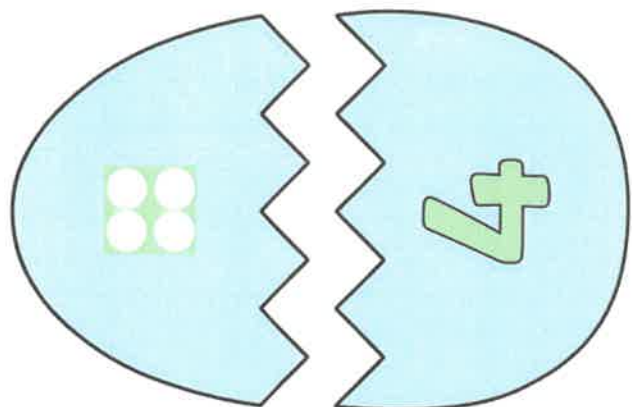

Activity: Set the cards out on floor / table and ask your child to find the correct number of objects for eg. 1 sock, 2 pans, 3 spoons. Using objects will help your child understand the concept of the number and their value.

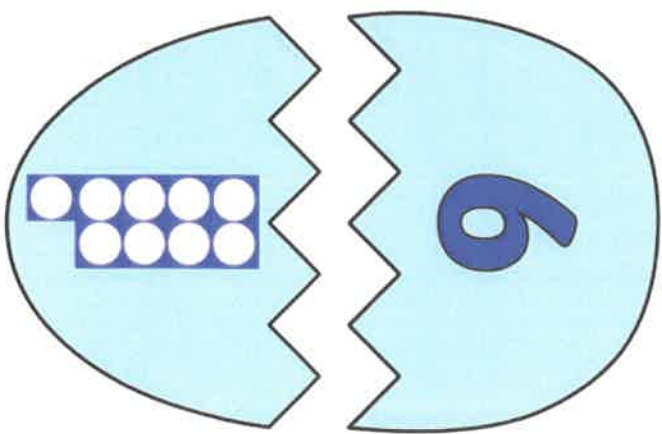

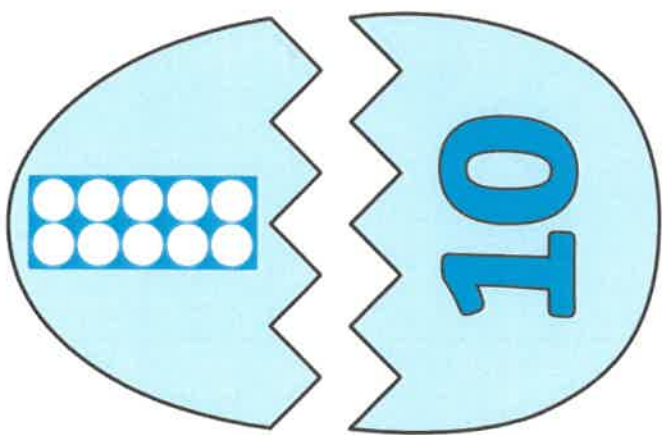

Activity: Easter Egg shapes

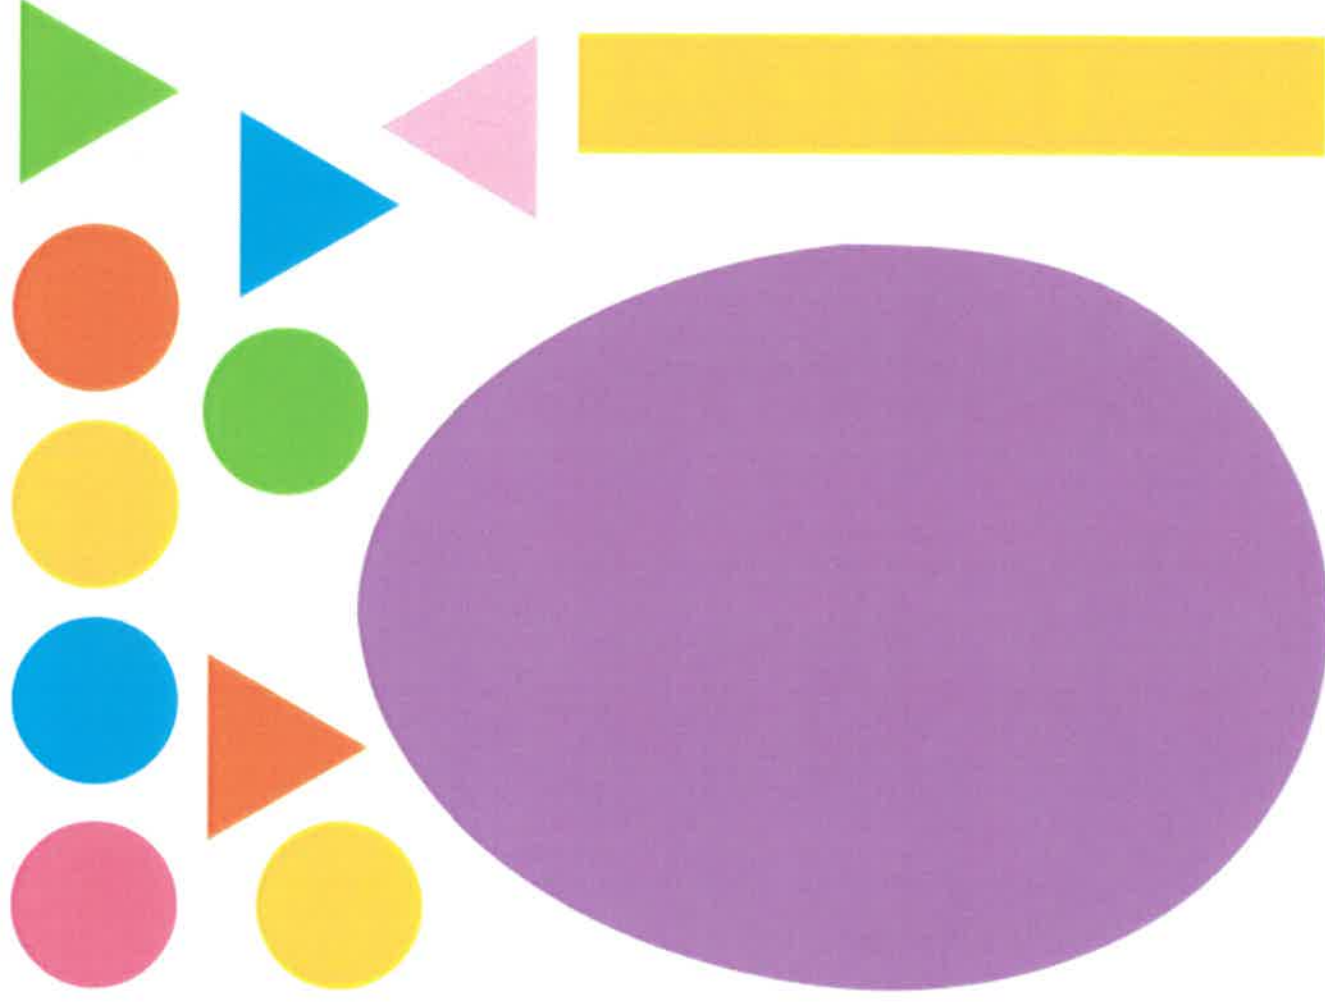

Activity

Cut out the Easter Eggs and match the numbers

Cutting: Make a shape Egg

Physical Development

Encourage your child whenever possible to keep moving and active. Helpful hands, ask your child to help carry the washing up and down stairs (safety permitting) and putting their toys away.

Practise cutting skills with scissors cutting out shapes on the sheets.

Use the number cards to match to movements. For eg. 1 jump 2 feet together, 3 star jumps, 4 wiggles

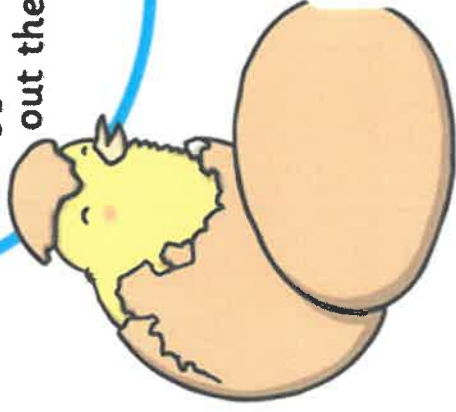

Children can practise their throwing and catching skills. If you do not have a ball, roll up a pair of socks. Use an object to use as a target and encourage children to throw using under arm to hit that target.

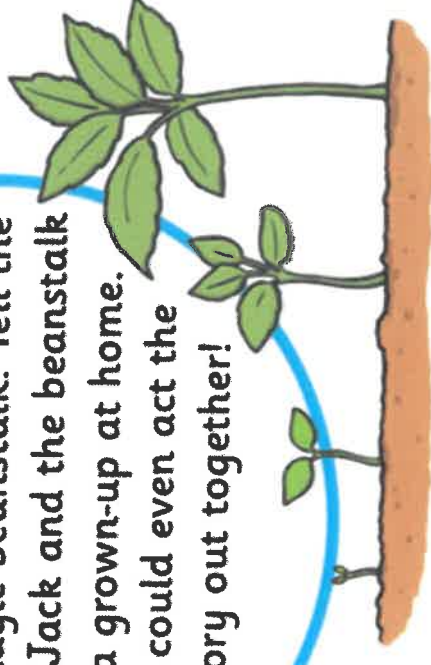

Understanding the world

We have been looking at signs of Spring and would like to continue this.

Hetty the Hen had
10 eggs. On Monday 4
eggs hatched into chicks.
How many eggs were left in
Hetty's nest?
You could draw a picture of
the eggs to help you work
out the answer.

During spring,
seeds begin to grow. In
the story of Jack and the
Beanstalk, Jack's beans grow
into a magic beanstalk. Tell the
story of Jack and the beanstalk
with a grown-up at home.
You could even act the
story out together!

Minibeast Colour by Number

Match the colours to the numbers.
